But what if this pandemic was not a natural disaster, but a carefully orchestrated plan to usher in a new world Free Download?

In his explosive new book, COVID Coup: The Rise of the Fourth Reich, bestselling author and investigative journalist Greg Reese reveals the shocking truth about the COVID-19 pandemic. Reese argues that the pandemic was planned and executed by a cabal of global elites who are seeking to use the crisis to establish a totalitarian world government.

Reese's book is based on years of research and interviews with whistleblowers, insiders, and experts. He presents a compelling case that the COVID-19 pandemic was not a natural event, but rather a man-made crisis that was designed to create chaos and fear.

Reese identifies the key players in the COVID Coup, including Klaus Schwab, the founder of the World Economic Forum, and his acolytes, who are pushing for a "Great Reset" of the global economy and society.

COVID Coup is a must-read for anyone who wants to understand the true nature of the COVID-19 pandemic and the threats it poses to our freedom and democracy.

## **The Evidence**

Reese's book is full of evidence to support his claims. He cites numerous scientific studies that show that the COVID-19 virus was not naturally occurring, but rather was created in a laboratory.

Reese also presents evidence that the pandemic was planned in advance. He points to a number of simulations that were conducted in the years leading up to the pandemic, which predicted the key events of the crisis.

Finally, Reese provides evidence that the global elites are using the pandemic to justify the implementation of a totalitarian world government. He cites the World Economic Forum's "Great Reset" plan, which calls for a radical transformation of the global economy and society.
