Uncover the Strange and Unusual

Prepare to be astounded by animals that defy expectations. Discover the ambulating face of the blobfish, the eerie luminosity of the anglerfish, and the mesmerizing camouflage of the chameleon.

Immerse yourself in the bizarre world of the tarsier, with its enormous eyes and acrobatic abilities, or marvel at the surreal appearance of the platypus, a unique fusion of mammalian, bird, and reptile traits.

Explore the Gross and Fascinating

Embrace the ick factor as you delve into the lives of animals that elicit a mix of disgust and fascination. Witness the grotesque feeding habits of the lamprey, whose parasitic lifestyle leaves its victims anemic.

Discover the nauseating defense mechanism of the bombardier beetle, which expels boiling hot chemicals at its attackers, or shudder at the gruesome cannibalism exhibited by praying mantises.

Marvel at the Cool and Curious

Find solace in the enchanting beauty and remarkable abilities of animals that ignite our imagination and inspire wonder. Admire the iridescent

plumage of the hummingbird, the playful antics of otters, and the astonishing aerial acrobatics of swallows.

Unravel the mysteries of the deep sea with the bioluminescent glow of the anglerfish, or marvel at the speed and agility of the cheetah, the fastest land animal on Earth.

Animal Planet's Unparalleled Expertise

"Strange, Unusual, Gross, Cool Animals" is a testament to Animal Planet's unwavering commitment to showcasing the wonders of the animal kingdom. With captivating text, stunning photography, and exclusive insights from renowned experts, this book brings the animal world to life in an unforgettable way.

Join Dr. Emily Graslie and Animal Planet on this extraordinary adventure. Discover the strange, unusual, gross, and cool animals that share our planet, and marvel at the intricate tapestry of life that surrounds us. Embrace the diversity and beauty of the animal kingdom, and let this book ignite your passion for nature.
