

Retirement 20/20: The Essential Guide to Planning Your Retirement in the New Millennium

Retirement is a major life transition that requires careful planning. In the past, people could expect to retire with a pension and Social Security benefits that would provide them with a comfortable lifestyle. However, today's retirees are facing a different reality. Pensions are becoming less common, and Social Security benefits are not keeping pace with the rising cost of living. As a result, it is more important than ever to take control of your retirement planning and make sure that you are on track to achieve your financial goals.
